in www.linkedin.com/in/anjali-poloju-b2387921b

SUMMARY

2years 9 months of Experience in both Manual and Automation testing. Proficient in automative engineering principles and practices, with hands-on experience in Java automation testing. Skilled in identifying and troubleshooting software issues, creating and executing test plans, and ensuring high-quality deliverables.Demonstrated ability to work collaboratively in a team environment and effectively communicate technicalinformation to non-technical stakeholders. Strong background in automation and skilled in project management, problem-solving, and cross-functional collaboration.

SKILLS

- **Testing Tools**   Selenium WebDriver, JUnit, TestNG, HP ALM
- **Programming Languages**   Java, SQL
- **Frameworks**   TestNG, Junit, Page Object Model (POM)
- **Methodolgies**   Agile, Scrum
- **Operating Systems**   Windows, Linux

WORK EXPERIENCE

Quality Assurance Engineer

Mphasis [09/12/2021 - Current]

City: Bangalore | **Country:** India

Experienced in both manual and automated testing methodologies. Skilled in identifying and documenting software defects, collaborating with cross-functional teams, and contributing to the Improvement of product quality. Strong analytical and problem-solving abilities, with a commitment to delivering high-quality software. Well-versed in testing tools and methodologies to ensure the reliability and performance of software systems.

PROJECTS

Automation Test Engineer

Mphasis [16/01/2023 - Current]

PROJECT: FedEx -ACCS Modernization (APAC) -GEMINI

- **Automation Efficiency:** Streamlined testing processes with automates scripts, reducing manual effort by 30%.
- **Jenkins Integration:** Implemented Jenkins for automated test execution, resulting in a 40% decrease in test cycle time.
- **Comprehensive Testing:** Successfully executed over 500 test cases using Selenium, Junit, TestNG, Maven and Cucumber, ensuring robust test coverage.
- **Domain Expertise:** Led testing efforts for 3 major payment domain projects, ensuring compliance and reliability
- **Problem-solving and Growth:** Recognized for strong problem-solving skills and commitment to professional development, completing 3 certifications in automation testing technologies.

Tools and Technology used: Selenium with Java, TestNG, Junit, Maven and Cucumber.

Software Test Engineer
Mphasis [28/12/2021 – 15/01/2023]

PROJECT: FedEx -ACCS Modernization (APAC) -GEMINI

- **Extensive Testing Knowledge:** Proficient in SDLC and STLC methodologies with over 1.5 years of experience, successfully leading testing phases for major projects.
- **Requirement Analysis:** Conducted comprehensive requirement analysis and gathering for over projects, ensuring clear project objectives and reducing requirement -related defects by 20%.
- **Manual and Automation Testing:** Executed over 1000manual test cases and created automated test scripts using Selenium, Junit TestNG, Maven and Cucumber, improving test coverage by 30%.
- **Continuous Integration:** Implemented Jenkins for automating test processes, decreasing test cycle time by 25% and increasing deployment frequency by 15%.
- **Domain Expertise:** Led testing efforts for major payment domain projects, achieving 99% accuracy in transaction validations, with additional expertise in web portal testing, enhancing product quality and user satisfaction.
- **Communication and Collaboration:** Facilitated effective communication between QA and development teams, improving defect resolution time by 20%.
- **Problem-solving Skills:** Recognized for resolving 95% of critical issues within tight deadlines, demonstrating strong problem-solving abilities.
- **Adaptability and Learning:** Completed 2 certification in the latest testing technologies within the past year, continuously improving skill set and adapting to new concepts and technologizes.

Tools and Technology used: ALM, Version-1, Functional testing, Regression testing, Exploratory testing and Retesting, Excel, Word.

EDUCATION AND TRAINING

B. Tech
KAKATIYA UNIVERSITY [12/07/2017 – 21/05/2021]

City: Warangal | **Country:** India |

CERTIFICATIONS

- ➤ **Full Stack Java** certified at Mphasis Learning Academy
- ➤ **Agile Development** certified at Mphasis Learning Academy
